○ Telecommunications, Media and Technology

○ EU, Antitrust and Regulation

Valerio Mosca coordinates Legance's TMT department; he regularly assists major TLC and media operators in Italy, as well as several companies providing IT services and platforms.

In particular, Valerio Mosca advises domestic and international clients on regulatory procedures, contractual matters and compliance, including before public authorities (e.g. the Italian Communications Authority and the Ministry of Enterprises and Made in Italy) and in judicial proceedings before civil and administrative courts.

With respect to TLC network and services, Valerio advises clients in a broad range of regulatory matters (including inter-operators disputes, authorisations and enforcement of *ex-ante* regulatory measures), including those involving technical and complex issues, such as frequencies, platforms, innovative services and networks.

The companies operating in all segments of the media sector (broadcasters, service providers, network operators, independent producers and vertically integrated groups) are assisted in the legal aspects of their business, from strategic and extraordinary transactions, to day-by-day issues, including acquisition, production and distribution of contents, advertising and marketing initiatives, applicable regulation and authorizations.

Valerio has also developed significant expertise in the IT and new technologies sector, providing assistance within all relevant legal aspects of software, innovative services and platforms (agreements, licensing, distribution, regulation, e-commerce, fintech, etc.).

Finally Valerio Mosca has gained outstanding experience in antitrust law (advising companies in administrative and judicial proceedings regarding agreements, abuse of dominant position, and mergers) and in consumer protection (including in proceedings regarding unfair commercial practices and regulatory obligations).

After having practiced at the State Attorney's Office, Valerio was a trainee at the Italian Antitrust Authority and at D.G. Competition of the EU Commission.

Valerio Mosca is ranked in Band 2 by Chambers and Partners in the sector "TMT: Telecommunications", as follows: "*He has an excellent knowledge of the TMT sector*" "*Valerio Mosca has a deep knowledge of the telecommunications sector, including the legal and the technical aspects, and is able to provide excellent and tailor-made advice*" (2026) "*Valerio Mosca is an outstanding professional, with very deep knowledge of the telecoms market and the ability to understand and solve complex legal issues*"; "*He has significant knowledge*

of technical issues and is also able to provide advice that takes into account the business needs of the company" (2025), "Valerio Mosca is very proactive and proposes new ideas. He is super", "He has in-depth legal knowledge and has proved to be very reliable and co-operative. The quality of his work is also extremely appreciated" (2024), "Valerio Mosca identifies the most appropriate strategies to manage difficult situations and solve legal issues with a pragmatic approach and taking into account our business needs", "He is an excellent professional with dedication to clients and in-depth knowledge of the sector, as well as regulatory and contractual issues" (2023).

Valerio is mentioned in The Legal 500 in the Industry Focus TMT as follows: "*Valerio Mosca is exceptionally talented and competent. He has a way to connect with the business, which makes him stand out: his advice is always efficient and to the point, making it easy to be understood by a variety of audiences within the company" "Valerio Mosca is an outstanding professional with in-depth market knowledge. He finds the most appropriate strategies to manage complex solutions and to solve the legal issues, with a pragmatic approach and taking into account the business needs of the company" "Valerio Mosca has great expertise, strong engagement and constant availability" (2026) "Valerio Mosca is an outstanding professional, with a very deep knowledge of the relevant regulations and of the related technical aspects. He has high ability to identify the most appropriate strategies to manage difficult situations and to solve any legal issues" (2024), "Valerio Mosca is an outstanding professional, providing excellent quality work, appropriate opinions and capability to obtain the best legal results. He identifies the most appropriate strategies to manage difficult situations and to solve the legal issues, also with a pragmatic approach and taking into account the business needs of the client's company" (2022), "Valerio Mosca has a very deep knowledge of TMT regulation and legal antitrust issues in these sectors. He is able to propose appropriate strategies and solutions with respect to different legal issues" (2021), "Valerio Mosca, the team head, has a deep knowledge of the TLC sector (also from a technical standpoint), and his work is characterized by the quality of advice, and by his understanding of the business needs of the company" (2020).*
