○ Administrative ○ Energy & Infrastructure

Alessandro Sassoli focuses his expertise on Energy and Administrative law.
He is involved in transactions in the energy sector, where he performs legal due diligence in relation to numerous projects of development and acquisition involving both fossil (gas and hydrocarbons) and renewable energy sources (wind, hydroelectric, photovoltaic and biomass plants). He advises many national and international companies on administrative law issues, including town planning and construction, commercial authorisations and other permits. He also provides its services in legal assistance before the administrative courts.
