○ Data Law

Martina Balzani is active in the field of Data Protection and focuses on matters concerning the application of Regulation (EU) 2016/679, as well as issues related to data governance and emerging technologies. She is involved in legal research and analysis on privacy and data protection matters and assists in the preparation and review of legal documentation. Martina also assists in drafting and revising contractual documentation, including IT contracts and general terms and conditions for digital products and services. She further focuses on activities connected with inspections and proceedings carried out by the Italian Data Protection Authority and other supervisory authorities, as well as in the preparation of materials relating to judicial activities in the field of data protection.
